## Workshop Horticulture

### “Quality of horticultural products: Influence of pre- and post-harvest factors”

Friday 17th September 2010

ETH-Zurich, Zentrum  
Universitätstrasse 6; CAB G 51

#### **Objective**

The workshop's objective is to promote exchanges and discussions about results regarding the influence of pre- and post-harvest factors on the quality of horticultural products, as fruits, vegetables, grapes and medicinal plants. The aspects of sensory quality, human health and safety will be particularly considered.

This workshop will also allow setting up an exchange platform for researcher and professionals of the entire food chain from production, storage and transformation of horticultural crops.

#### **Presentations**

SSA members, as well as members of the Swiss research institutes will have the opportunity of giving a scientific contribution in relationship with the workshop's themes or a theme of their own choice regarding horticultural crops. Presentations can be submitted at [www.sgpw.scnatweb.ch](http://www.sgpw.scnatweb.ch) before 15<sup>th</sup> June 2010. The official language of the workshop will be English.

#### **Organisation**

The event will be organised by SSA with the cooperation of:  
Agroscope Changins-Wädenswil ACW [www.agroscope.admin.ch](http://www.agroscope.admin.ch)  
Nutriscope [www.agroscope.admin.ch/nutriscope](http://www.agroscope.admin.ch/nutriscope)  
Swiss Food Research [www.foodresearch.ch](http://www.foodresearch.ch)
